Past simple tense

زمن الماضي البسيط

Usage الاستخدام

- We use the past simple for:
  - actions that started and finished in the past.
    Ex: She **baked** a delicious cake yesterday.

نستخدم الماضي البسيط لـ:
- الأفعال التي بدأت وانتهت في الماضي.

- actions that happened one after another in the past.
  Ex: We **entered** the museum, **took** photos, and **bought** souvenirs.

- الأفعال التي حدثت واحدة تلو الأخرى في الماضي.

- habits in the past.
  Ex: They **played** outside after school every day.

- عادات في الماضي.

Form التكوين

Affirmative الإثبات | **Negative** النفي | **Question** الاستفهام

1. Affirmative

Subject (فاعل) + the 2nd form of the verb (التصريف الثاني للفعل) ...

(A) Regular verbs الأفعال المنتظمة

Paragraph Unit 1

1 A day in Egypt

A day in Egypt is fun. People can visit old streets and markets. They can buy bags, lamps, and other things. They watch people making bread and furniture. They visit a museum to see old things. At night, they see big, old buildings and take many nice photos.

2 Ras Mohamed National Park

Ras Mohamed National Park is in the south of Sinai, Egypt. It has coral reefs, fish, and clear blue sea. People visit it to swim, snorkel, and dive. The park has sea turtles, dolphins, and birds. It is a protected place. Visitors also learn about nature and Bedouin culture there.

3 Egyptian villages

Egyptian villages are different from each other. People in Ezbet El Borg in Damietta are fishermen. They also work in fish factories. People in Qutur in Gharbia grow fruits and vegetables. In Bashandy village in Dakhla Oasis, people spin wool and weave it on looms. They make beautiful rugs.

4 My school day

This is my typical day at school. I wake up early around 7:00 a.m. I have breakfast. Then, I get dressed and leave for school. School day starts at 8:00 a.m. I salute the flag and sing the national anthem. The school day ends at 3:00 p.m.

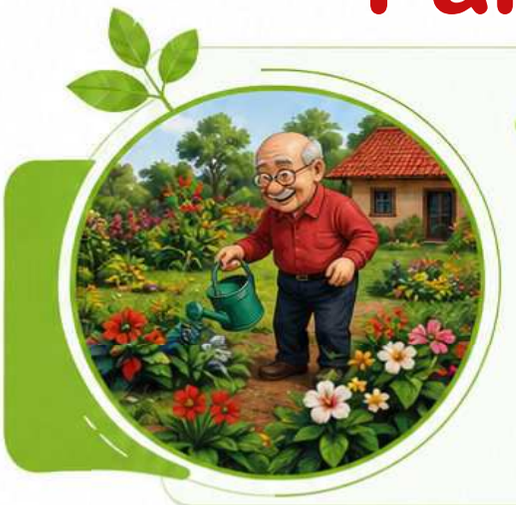
Paragraphs Unit 2



01 Our garden

Our garden is full of life and beauty. Grandpa takes care of it every day. He waters the plants, pulls out weeds, and uses natural fertilizer. We grow herbs like mint and parsley, and flowers like hibiscus and jasmine. We grow guava, fig, and olive trees. The plants give us food and fresh air.

02 Different weather across Egypt

Today, the weather is different across Egypt. In Alexandria, it's cold and rainy, with strong winds and high waves. People are staying indoors. Cairo is sunny and warm, and families are enjoying the parks. In Aswan, it's hot and dry. So, people rest in the shade and water plants early.

03 The Nile River

The Nile River flows through Egypt. It brings rich soil, making people able to grow food. Fish like Nile perch and tilapia swim in the Nile. Birds such as herons and kingfishers hunt near the river. People use the Nile to travel in boats. The Ancient Egyptians thought the Nile was special.

04 Our trip to Wadi El Rayan

Last Thursday, we visited Wadi El Rayan in Fayoum with our teachers. We saw farms, camels, lakes, and waterfalls. A guide showed us rare animals and plants. Later, we explored Wadi El-Hitan and saw whale skeletons. We saw whale bones in the sand. It was an amazing trip!

01 Jobs helping the community

- Mechanic
- Paramedic
- Traffic officer
- Water engineer

There are many jobs that help the community. Mechanics fix vehicles so people can travel safely. Paramedics help in emergencies and save lives. Traffic officers keep roads safe and help people cross the roads. Water resources engineers make sure we have clean water to drink. Each person plays an important role every day in our communities.

02 Problems in my community

Many communities have problems, like traffic. Traffic near schools is dangerous. Cars go too fast, and it's hard for children to cross the road. It is so noisy. We should make signs that say, "Drive Slowly." When everyone works together, the community becomes a better place.

03 Food waste problem

People make more food than they eat. Also, restaurants throw away leftover food. As a result, good food is wasted and pollution increases. To solve this problem, people should plan meals, shop wisely, support food banks, feed animals leftovers, and store food properly. These small actions can help reduce waste.

04 An Egyptian hero

Dr. Mostafa El-Sayed is a famous Egyptian scientist born in 1933. He studied in Egypt and the U.S. He became an expert in chemistry and nanoscience. He discovered ways to use gold nanoparticles to help treat cancer. He won many awards and made Egypt proud of his great work.

Paragraphs Unit 4

Materials in Ancient Egypt

The Ancient Egyptians used materials that were strong and useful. They built pyramids and statues from stone. They wrote on papyrus and wore clothes made of linen. Clay was used to make pots and small statues. They carved huge statues from granite. The materials they used lasted a very long time.

Energy

We use energy every day to light our homes and charge our phones. Some energy comes from nature, like solar and wind. These energy types are clean and don't pollute the planet. Egypt has lots of sunshine, so we can use more solar panels. Other energy types, like oil and gas, can harm the Earth.

Egyptian minerals

Egypt has many valuable minerals under the ground. Minerals are oil, natural gas, gold, and iron. There is oil deep under the ground in the Western Desert and Sinai. There is gold and iron in the Eastern Desert. The soil in Egypt contains minerals which help plants develop. By using these minerals wisely, Egypt can build a strong future.

Man-made resources

Man-made resources are things people make from natural materials. For example, plastic is made from oil and is used for bottles and toys. Glass comes from sand. Bricks are made from clay and used to build houses. Paper is made from trees. Recycling helps us use man-made resources wisely and protect the Earth.
